# TACKLING MISINFORMATION

## FB's Biden defence lacks key data on spread of Covid lies

**BLOOMBERG**  
July 20

WHEN PRESIDENT JOE Biden said on Friday that social networks like Facebook are "killing people" with the viral spread of Covid-19 misinformation, the company tried to defend itself. In a strongly worded blog post, an executive attempted to redirect people to more positive data, on the ways Facebook has spread good information.

But that didn't address the critique. While it's impossible to say whether misinformation on Facebook is actually "killing people," and Biden walked back his comments on Monday, the problem Biden was flagging is real: Covid-19 misinformation is a big issue on Facebook, and one that hasn't been fixed. Only Facebook knows how big.

The company says it has labelled (but not removed) 167 million posts containing Covid-19 misinformation since the pandemic began, and outside research from Avaaz, a non-profit group that has studied misinformation on the service, found internet users are still finding and engaging with disinformation on Facebook more than anywhere else.

Facebook's blog post, entitled "Moving Past the Finger Pointing," argued Biden couldn't back up his claims with facts. The

problem getting any better? Measuring the impact of misinformation on social media has always been a major challenge, in part because nobody agrees what counts as harmful. Even Facebook says there is "no standard definition for vaccine misinformation," according to a statement. But it's also been challenging because companies like Facebook have never shared the full scope of their problem. The social network offers glimpses in its blog post, saying it has removed over 18 million instances of Covid-19 misinformation, plus the 167 million posts that were flagged by company fact checkers. It's unclear how much problematic content escaped Facebook's enforcement. Either way, the disclosed number is a small percentage of the total posts shared on Facebook services. Including private messages, Facebook users created 100 billion "pieces of content" per day, CEO Mark Zuckerberg told employees last year.

Hundreds of millions of posts is still a lot of misinformation, and likely garnered billions of views. And not all views are created equal. Facebook's algorithms often show people posts that are likely to resonate with them, meaning Covid-19 misinformation is more likely to reach people willing to believe it, magnifying its impact.

company even took a shot at the President's lofty but failed goal to get 70% of Americans vaccinated by July 4, pointing out its own data that shows Facebook users are increasingly interested in getting the vaccine. "The data shows that 85% of Facebook users in the US have been or want to be vaccinated against Covid-19," Guy Rosen, vice president of integrity, wrote. "Facebook is not the reason this goal was missed."

While Facebook has done a lot to try and combat pandemic misinformation, it hasn't done enough to convince Biden — or a lot of other critics — that its positive efforts have outweighed the negative force of its algorithm, and its potential to spread lies and sensational claims. Facebook's defence failed to include the one statistic that might actually remove the target off its back: Just how many people are exposed to vaccine misinformation on the service? And is the

## Women still suffering more than men in Covid job impact

THE DISPROPORTIONATE HIT that Covid-19 dealt to female workers is set to endure, with men's employment recovering more quickly than women's, according to a report by the International Labour Organization.

There will be 13 million fewer women working this year than in 2019, while men will have succeeded in recouping the crisis-induced losses, the Geneva-based body estimated. The ILO urged governments to enact policies focusing on job creation and retention that benefited women, particularly in sectors like health care and education.

"The inequalities between women and men in the world of work that have been exacerbated during the Covid-19 pandemic will persist in the near future," the ILO said. "Even though the projected jobs growth in 2021 for women exceeds that of 2021 for men, nonetheless, be insufficient to bring women back to pre-pandemic employment levels."

—BLOOMBERG

## Suga says world should see safe Olympics staged

THE WORLD NEEDS to see that Japan can stage a safe Olympics, the Prime Minister Yoshihide Suga told sports officials on Tuesday ahead of the Tokyo Games.

Tens of thousands of athletes, officials, games staff and media are arriving in Japan amid a local state of emergency and widespread opposition from the public.

धर्मपेक्षा सार्वजनिक आरोग्य महत्त्वाचे 'कुर्बानी'वरील निर्बंधांत हस्तक्षेप करण्यास उच्च न्यायालयाचा नकार

लोकसत्ता प्रतिनिधी

मुंबई : कोरोनाच्या काळात धर्मपेक्षा सार्वजनिक आरोग्य महत्त्वाचे आहे, असे नमूद करून बकरी ईदनिमित्त देवदार कत्तलखान्यातील 'कुर्बानी'च्या संख्येवर पालिकेने घातलेल्या निर्बंधांच्या निर्णयात उच्च न्यायालयाने हस्तक्षेप करण्यास मंगळवारी नकार दिला.

मिठंडीत तातपुरत्या कतलखान्यांच्या परवानगीला स्थगिती

मिठंडी पालिका हद्दीत बकरी ईदनिमित्त कुर्बानीसाठी ३८ तातपुरत्या कतलखान्यांना पालिका आयुक्तांनी परवानगी दिली होती. मात्र त्याबाबतच्या पालिका आयुक्तांच्या परिपत्रकांना न्यायालयाने स्थगिती दिली. राज्य सरकारकडून मागण्यात व घेताच पालिका आयुक्तांनी ही परवानगी दिली. अशा प्रकारे तातपुरत्या कतलखान्यांना परवानगी देण्याची कायदात तसेच नाही. त्यामुळे पालिका आयुक्तांच्या आदेशाला स्थगिती देण्याशिवाय आमच्याकडे पोहोच नाही असे न्यायालयाने नमूद केले. मुंशा पोलीस ठाण्याच्या हद्दीत गुरांची बेकायदा कतल होत आहे का, याची शहानिशा करण्याचे आदेशही या वेळी न्यायालयाने ठाणे पोलीस आयुक्तांना दिले.

घालण्यात आले असून गेल्या वर्षी दिवसाला १५० 'कुर्बानी'ना परवानगी दिली होती. या वर्षी ही संख्या ३०० केली आहे. आता गणपती, नवरात्री यासह विविध धर्मांचे सण सुरू होतील. तिसऱ्या लाटेच्या पारवर्षीभूमीवर सार्वजनिक आरोग्याची काळजी घेणे गरजेचे असल्याचे निर्बंध घातले आहेत.

ईदसाठी कोरोना निर्बंध शिथिल करणे अयोग्य : सर्वोच्च न्यायालयाचे मत केरळ सरकारला कारवाईचा इशारा

वृत्तसंस्था, नवी दिल्ली

केरळ सरकारने त्यांच्या राज्यात रुग्णांचा संसर्ग दर अधिक असताना बकरी ईद निमित्त नियम शिथिल करणे हे अनपेक्षित असून जगण्याचा अधिकार हा त्यांपेक्षा अधिक महत्त्वाचा असला पाहिजे. काही व्यापाऱ्यांनी दबाव आणल्याने नियमात शिथिलता देण्याचा राज्य सरकारचा निर्णय अयोग्य आहे, असे ताशेरे सर्वोच्च न्यायालयाने ओढले आहेत. जगण्याचा अधिकाराला महत्त्व असून त्याकडे राज्य सरकारने लक्ष देणे गरजेचे आहे, असा आदेश देऊन न्यायालयाने म्हटले आहे की, जर नियम शिथिल केल्याने केरळात कोरोनाचा प्रसार आणखी वाढला व कुणी ते न्यायालयाच्या निदर्शनास आणून दिले तर आम्ही केरळ सरकारवर कारवाई करू, असे न्यायालयाने म्हटले आहे.

कोंझिकोड बाजारपेठेत खरेदीसाठी झालेली गर्दी.

देशभरात ३० हजार नवे रुग्ण, ३७४ जणांचा मृत्यू नवी दिल्ली : देशभरात गेल्या चौवीस तासांत ३० हजार ९३ कोरोनाचे नवे रुग्ण आढळून आले तर ३७४ जणांचा मृत्यू झाला. गेल्या १२५ दिवसांतील ही सर्वात कमी रुग्ण नोंद असल्याचे केंद्रीय आरोग्य मंत्रालयाने मंगळवारी जाहीर केले. आतापर्यंत देशभरात ३ कोटी ११ लाख ७४ हजार ३२२ रुग्णांची नोंद झाली असून ४ लाख १४ हजार ४८२ जणांचा मृत्यू झाला आहे. एकूण रुग्णांच्या तुलनेत उपचाराधीन रुग्णांची संख्या १.३० टक्के इतकी आहे. तर करोनामुक्त होण्याची टक्केवारी ९७.३७ इतकी आहे. गेल्या २४ तासांत १७ लाख ९२ हजार ३३६ चाचण्या करण्यात आल्या.

केरळात बकरी ईद निमित्त सरकारने केले. सर्वोच्च न्यायालयाने गेल्याच नियम शिथिल केल्याबाबतच्या सर्वोच्च न्यायालयाने गेल्याच याचिकेवर न्यायालयाने सुनावणी आठवड्यात वृत्तपत्रांतील बातम्यांच्या

# TACKLING MISINFORMATION FB's Biden defence lacks key data on spread of Covid lies

BLOOMBERG  
July 20

WHEN PRESIDENT JOE Biden said on Friday that social networks like Facebook are "killing people" with the viral spread of Covid-19 misinformation, the company tried to defend itself. In a strongly worded blog post, an executive attempted to redirect people to more positive data, on the ways Facebook has spread good information.

But that didn't address the critique. While it's impossible to say whether misinformation on Facebook is actually "killing people," and Biden walked back his comments on Monday, the problem Biden was flagging is real: Covid-19 misinformation is a big issue on Facebook, and one that hasn't been fixed. Only Facebook knows how big.

The company says it has labelled (but not removed) 167 million posts containing Covid-19 misinformation since the pandemic began, and outside research from Avaaz, a non-profit group that has studied misinformation on the service, found internet users are still finding and engaging with disinformation on Facebook more than anywhere else.

Facebook's blog post, entitled "Moving Past the Finger Pointing," argued Biden couldn't back up his claims with facts. The

company even took a shot at the President's lofty but failed goal to get 70% of Americans vaccinated by July 4, pointing out its own data that shows Facebook users are increasingly interested in getting the vaccine. "The data shows that 85% of Facebook users in the US have been or want to be vaccinated against Covid-19," Guy Rosen, vice president of integrity, wrote. "Facebook is not the reason this goal was missed."

While Facebook has done a lot to try and combat pandemic misinformation, it hasn't done enough to convince Biden — or a lot of other critics — that its positive efforts have outweighed the negative force of its algorithm, and its potential to spread lies and sensational claims. Facebook's defence failed to include the one statistic that might actually remove the target off its back: Just how many people are exposed to vaccine misinformation on the service? And is the

problem getting any better?

Measuring the impact of misinformation on social media has always been a major challenge, in part because nobody agrees what counts as harmful. Even Facebook says there is "no standard definition for vaccine misinformation," according to a statement. But it's also been challenging because companies like Facebook have never shared the full scope of their problem. The social network offers glimpses in its blog post, saying it has removed over 18 million instances of Covid-19 misinformation, plus the 167 million posts that were flagged by company fact checkers. It's unclear how much problematic content escaped Facebook's enforcement. Either way, the disclosed number is a small percentage of the total posts shared on Facebook services. Including private messages, Facebook users created 100 billion "pieces of content" per day, CEO Mark Zuckerberg told employees last year.

Hundreds of millions of posts is still a lot of misinformation, and likely garnered billions of views. And not all views are created equal. Facebook's algorithms often show people posts that are likely to resonate with them, meaning Covid-19 misinformation is more likely to reach people willing to believe it, magnifying its impact.

# Women still suffering more than men in Covid job impact

THE DISPROPORTIONATE HIT that Covid-19 dealt to female workers is set to endure, with men's employment recovering more quickly than women's, according to a report by the International Labour Organization. There will be 13 million fewer women working this year than in 2019, while men will have succeeded in recouping the crisis-induced losses, the Geneva-based body estimated. The ILO urged governments to enact policies focusing on job creation and retention that benefited women, particularly in sectors like health care and education. "The inequalities between women and men in the world of work that have been exacerbated during the Covid-19 pandemic will persist in the near future," the ILO said. "Even though the projected jobs growth in 2021 for women exceeds that of 2021 for men, nonetheless, be insufficient to bring women back to pre-pandemic employment levels." —BLOOMBERG

# Suga says world should see safe Olympics staged

THE WORLD NEEDS to see that Japan can stage a safe Olympics, the Prime Minister Yoshihide Suga told sports officials on Tuesday ahead of the Tokyo Games.

Tens of thousands of athletes, officials, games staff and media are arriving in Japan amid a local state of emergency and widespread opposition from the public. —AP
