FROM THE CHAIRMAN'S DESK

The year 2023 remained as a year of opportunity as well as uncertainty. The geopolitical scenario primarily governed by war in Ukraine, had globally impacted the prices of oil, trade and commerce. There has been a significant progress in reducing the carbon emission from the natural gas production.

The Oil and Gas sector in India plays an important role as India's economic growth is directly proportional to the energy demand. This requires adequate investment as investment is also directly related to the economic subtleties. Under-investment can lead to undermining the energy sector. India expects energy demand to increase to substantiate robust economic growth.

For SEAMEC, in Offshore Subsea Shipping, we are the leading providers of Offshore Oilfield Services. We own and operate

five Diving Support Vessels and one Accommodation Barge facilitating complex Subsea operations and acting as a critical support to the Oil and Gas Sector.

During the year gone by, the Company has acquired a new DSV "SUBTECH SWORDFISH". This adds to our fleet strengthening in DSVs.

The infrastructure is a total unrelated diversification, primarily aimed to have presence in the diversified activity and also to de-risk the business. The Joint Venture Company formed in this regard is on its maiden venture for the prestigious Tunnel project in Vapi, Gujarat.

We remain confident and we would continue to cherish our vision and outlook for Offshore Oil and Gas Industry. We take pride in having earned client trust and confidence. We consistently provide solutions that work to improve our safety and prevent risk.

Our vision is to attain a more amplified global presence in sustainable Oil and Gas support services in providing the Diving Support Vessel and execute infra projects and become a diversified Conglomerate.

We act as Responsible Corporate Citizens and contribute to Corporate Social Responsibility activities as per regulatory requirements.

I thank all our key stakeholders and all our employees for their dedicated support and efforts.

Warm Regards,

The RTA shall revert the frozen folios to normal status upon:

- a) receipt of all the aforesaid documents / details
 - b) dematerialization of all the securities in such folios.
10. In accordance with Regulation 40 of the SEBI Listing Regulations, as amended, the Company has stopped accepting any fresh transfer requests for securities held in physical form. Members holding shares of the Company in physical form are requested to kindly get their shares converted into demat/electronic form to get inherent benefits of dematerialisation. Further, Members may please note that SEBI vide its Circular dated January 25, 2022 mandated listed companies to issue securities in demat form only while processing any service requests viz. issue of duplicate securities certificate; claim from Unclaimed Suspense Account; renewal/exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR - 4, the format of which is available at www.seamec.in.

11. Nomination facility: As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he / she may submit the same in Form ISR-3 or Form SH-14 as the case may be. The said forms can be downloaded from the Company's website at www.seamec.in. Members are requested to submit the said form to their DPs in case the shares are held in electronic form and to the Registrar in case the shares are held in physical form, quoting their folio no.

12. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company/RTA of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DPs and holdings should be verified from time to time. In view of the above, and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the RTA for assistance in this regard.

Members are requested to note that, dividend if not encashed and remain unclaimed or unpaid for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, is liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. It may also please be noted that all subsequent corporate benefits that may accrue in relation to the above shares will also be credited to the Demat Account of the IEPF Authority. The Company has individually sent letters to all the concerned members whose shares are liable to be transferred to demat account of IEPF Authority and consolidated list of such members is also available on Company's website for their necessary action.

In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on www.iepf.gov.in. For any assistance, members may write to RTA at rtg@cbmsl.com or to the Nodal Officers appointed by the Company by sending an e-mail to contact@seamec.in.

13. Members seeking any information with regard to the financial statements or any matter to be placed at the AGM, are requested to write to the Company on

or before Tuesday, August 1, 2023 through e-mail on contact@seamec.in. The same will be replied by the Company suitably.

EXPLANATORY STATEMENT

(Pursuant to the provisions of Sections 102 (1) and 110 of the Companies Act, 2013)

Item No. 4:

The Board of Directors of the Company based on the recommendation of the Nomination and Remuneration Committee, had approved the appointment of Mrs. Ruby Srivastava (DIN: 07789281), as an Additional Director designated as Independent Woman Director on May 24, 2023 in terms of Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 ("Listing Regulations"), Sections 149, 150, 152, Schedule IV and other applicable provisions, if any, of the Act read with the Companies (Appointment and Qualification of Directors) Rules, 2014 (including any statutory modification(s) and/or re-enactment(s) thereof for the time being in force), to hold office for a term of 5 (five) consecutive years from May 24, 2023 to May 23, 2028, not liable to retire by rotation, subject to the approval of the Members.

Mrs. Ruby Srivastava is not disqualified from being appointed as a Director in terms of Section 164 of the Act, not subject to any disciplinary proceedings or otherwise debarred from appointment and has consented to act as Director of the Company. The Company has also received declaration from Mrs. Ruby Srivastava that she meets the criteria of independence as prescribed under Section 149 read with Schedule IV to the Act and Regulation 16 of the Listing Regulations.

Mrs. Ruby Srivastava shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings and profit related commission (if any), as may be decided by the Board, within the limits stipulated under Section 197 of the Act.

The Company has also received a notice in writing from a Member pursuant to Section 160 of the Act, proposing the candidature of Mrs. Ruby Srivastava for the office of Director of the Company, to be appointed as such under the provisions of Section 149 of the Act.

In the opinion of the Board, Mrs. Ruby Srivastava (DIN: 07789281) fulfills the conditions for appointment as an Independent Director as specified in the Act and Listing Regulations and is independent of the Management.

A copy of draft letter of appointment of Mrs. Ruby Srivastava setting out the terms and conditions of appointment is available for inspection by the Members at the Registered and Corporate Office of the Company.

This statement may also be regarded as an appropriate disclosure under the Act and the Listing Regulations.

Details of Mrs. Ruby Srivastava are provided in the "Annexure" to the Notice, pursuant to the provisions of (i) the Securities and

Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

Mrs. Ruby Srivastava is interested in the resolution set out at Item No. 4 of the Notice. The relatives of Mrs. Ruby Srivastava may be deemed to be interested in the resolution set out at Item No. 4 of the Notice, to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors recommend the Special Resolution set out at Item No. 4 of the Notice for approval by the members.

Item No. 5:

Members of the Company had earlier approved the proposal for the charter hire of the Company's Vessels and availing allied services including diving, to HAL Offshore Limited (HAL).

HAL is a related party as defined by Section 2(76)(viii) of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Section 188 of the Companies Act, 2013. The charter hire of the Vessels and rendering or receiving diving services are transactions that require prior approval of the shareholders, if the value of the transactions is equal to or exceeding the threshold limits prescribed under the section. The shareholders had accorded their approval earlier for a period up to March 26, 2025, having threshold limits of an aggregate amount not exceeding USD 18.5 million per year.

The current engagement status would surpass the earlier time period of March 26, 2025. In addition, the Company envisages multiple transactions of similar nature with HAL in the future. The Audit Committee and Board considered the above proposal and recommended to the Members for approval for further time line till the date of the AGM to be held in 2030 and enhancement of threshold limit from USD 18.5 million per year to USD 30 million per year.

The capping limit, as proposed, will exceed the threshold limit of 10% of the turnover prescribed in the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, hence will require prior approval of the shareholders by way of Ordinary Resolution.

The proposed Resolution seeks your prior approval for continuation of such services to HAL for a further period of 5 (five) consecutive years from the date of this

resolution passed by the Members of the Company, subject to authorisation to the Audit Committee and Board of Directors of the Company to scrutinise individual transactions/contracts covered by this Resolution keeping in view the viability of the contracts, practical commercial considerations and the best interests of the company.

The proposed transactions shall be considered as material related party transaction as the aggregate value as envisaged shall exceed the threshold limit pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The information required by Rule 15 of the Companies (Meetings of the Board and its Powers) Rules 2014 is furnished hereunder:

(a)	Name of the related party	HAL Offshore Limited
(b)	Name of the director or key managerial personnel who is related, if any;	Messers Sanjeev Agrawal, Chairman, Naveen Mohta, Whole time Director and Subrat Das, Director.
(c)	Nature of Relationship	Holding Company and nominees of HAL appointed as Directors on Board of the Company.
(d)	i. Nature of Contract	Charter Hire of vessels, diving and related services.
	ii. Monetary Value	Annual Value not exceeding USD 30 million or its equivalent INR including charter hire and other related services.
	iii. Particulars of the contract	Long term and short-term vessel deployment and outsourcing of vessel for diving and other allied services.
(e)	Other relevant information if any	Time period till the AGM of 2030.

Messers Sanjeev Agrawal, Naveen Mohta, and Subrat Das, Directors may be treated as interested in the Resolution. None of the other Directors, Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed Resolution.

In pursuance of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, no related party shall approve the resolution set out at Item No. 5, whether such entity is a related party to this resolution or otherwise.

Your Directors feel that the experience with similar arrangements has proved to be beneficial to the Company and considering the recommendation of Audit Committee of the Company, recommend the Resolution set out at Item no. 5 to be passed as an Ordinary Resolution by the Members of the Company.

2. STATE OF COMPANY'S AFFAIRS

During the year under review, on a standalone basis, the total income is ₹ 41,449 lakhs as against ₹ 33,775 lakhs in the corresponding previous year, an increase of 23%. Revenue from operations is at ₹ 39,902 lakhs as against ₹ 29,352 lakhs in the corresponding previous year, an increase of 36%.

On a consolidated basis, the total income is ₹ 45,722 lakhs as against ₹ 39,564 lakhs in the corresponding previous year, an increase of 16%.

The Profit before Tax, on a standalone basis, is ₹ 3,520 lakhs as against ₹ 7,687 lakhs in the corresponding previous year. The primary reasons attributed to this decrease are increase in operating expenses due to lumpsum project expenses and increase of depreciation due to higher rate on account of newly acquired Vessel.

There has been a decrease in the profit on consolidated basis due to loss suffered by the Company's Wholly Owned Subsidiary. The primary reason is drastic drop in the charter hire rate, loss of hire due to dry dock.

During the year under review, the Company utilized ₹ 1,850 lakhs of Tonnage Tax Reserves for acquisition of new Vessel, SUBTECH SWORDFISH. The Company transferred ₹ 1,700 lakhs to tonnage tax reserve during the current year while ₹ 1,850 lakhs was transferred to tonnage tax reserve in the previous year.

3. OPERATIONS

During the year under review, the Company acquired a Multi Support Vessel (MSV) named "SUBTECH SWORDFISH", increasing its fleet size to 5 nos. of MSVs and 1 no. of Barge. Immediately after acquisition, she was on bareboat charter with the Seller, having option of her engagement in overseas till end September 2023. Her long term engagement for future is being explored.

The total deployment days of the Company's vessels increased from 1257 days in the previous year to 1291 days during the year under review, an increase of 2.7%. Out of 1291 days, domestic deployment was 750 days and balance 541 days for overseas employment.

During the year under review, one of the Company's MSV, SEAMEC II continued to remain under long term charter with ONGC, while SEAMEC III completed its contract with ONGC on April 19, 2023. She will undergo drydock, following which she will be engaged in Bombay High along with SEAMEC PRINCESS.

SEAMEC PALADIN, after completion of her engagement overseas in August 2022, has undergone modification to meet requirement of ONGC for a long term contract of 5 years through Company's parent company, HAL

Offshore Limited. She has engaged with ONGC with effect from April 13, 2023.

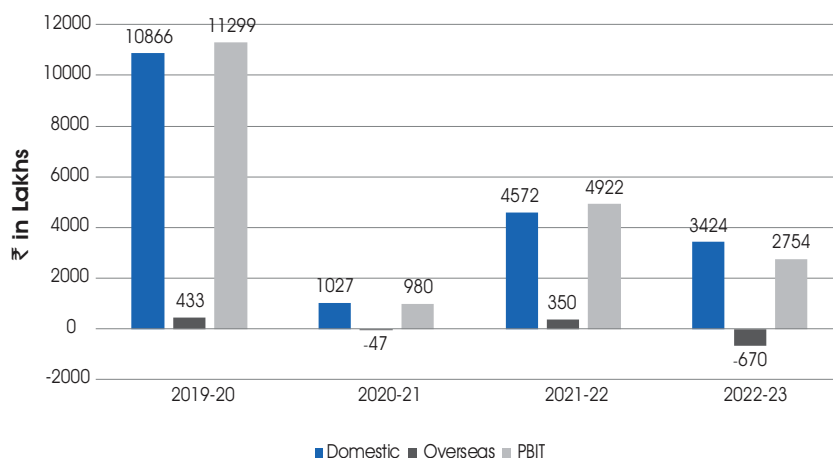

SEAMEC GLORIOUS, the Company's Barge had a struggling time complying with the new administrative guidelines and thereafter, got the certification under new administrative regime. During the year she completed the balancing work for ONGC of 35 days and thereafter, moved to East Coast for doing pre-conceived contract which was completed in April 2023. She is expected to be engaged post monsoons 2023.

SEAMEC GALLANT was fully occupied for the year. She was transferred to Company's wholly owned subsidiary, SEAMEC International FZE, on April 18, 2023.

Yearwise Revenue from Operation

Segment - wise Profit before Finance Cost, Interest Income and Tax

4. SCHEME OF ARRANGEMENT

The BSE Limited and the National Stock Exchange of India Limited made observations on the scheme of arrangement filed for demerger of Marine, EPC and other ancillary business of HAL Offshore Limited into Seamec Limited under sections 230 & 232 read with sections 66 and 55 of the Companies Act, 2013 (the "Act"), and other applicable provisions, if any. The Management took a note of the above and is in the process of examining the proposal afresh for an appropriate decision.

5. DIVIDEND

The Board of Directors, considering the Company's future plans decided to conserve the resources and not recommend any dividend for the year under review.

6. DIVIDEND DISTRIBUTION POLICY

In accordance with Regulation 43A of the SEBI Listing Regulations, the Board of Directors of the Company has adopted a Dividend Distribution Policy ('Policy') which endeavours for fairness, consistency and sustainability while distributing profits to the shareholders. The Policy can be accessed on the website of the Company at <https://seamec.in/investors.aspx>.

7. TRANSFER TO GENERAL RESERVE

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration) Rules, 2014]

To,
The Members,
SEAMEC LIMITED
Mumbai

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **SEAMEC LIMITED** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on my verification of Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and the information provided by the Company, its officers, agents, authorized representatives and the explanations and clarifications given to me and representations made by Management during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on March 31, 2023, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2023 and made available to me and according to the applicable provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - a. Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

- b. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

During the year under review, the Company has not issued any security.

- c. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- d. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

During the year under review, the Company has not brought back any of its Securities.

- e. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

- f. Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;

During the year under review, the Company has not issued any shares/ securities to its employee.

- g. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;

During the year under review, the Company has not issued any debt securities.

- h. Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

During the year under review, the Company has not issued any Non-Convertible and Redeemable Preference Shares/ any other Non-Convertible Securities.

- i. Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- j. Other laws as applicable specifically to the Company as identified by the management, that is to say:

- i. The Shop and Establishment Act, 1948
- ii. The Code on Wages, 2019
- iii. The Code on Social Security, 2019

- iv. The Merchant Shipping Act, 1958
- v. The Maritime Labour Convention 2006
- vi. The Customs Act, 1962

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by Company with National Stock Exchange (NSE) of India Limited and Bombay Stock Exchange (BSE) Limited read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following Observations.

1. *The Company has generally complied with the provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, except in one occasion of filing of outcome of the Board meeting dated November 09, 2022 under Regulation 30, wherein one of the filing is marginally delayed by 2 minutes in case of NSE and 5 minutes in case of BSE, due to technical reasons.*

I further report that, the compliance by the Company of applicable financial laws such as Direct and Indirect Tax Laws and maintenance of financial records and books of accounts have not been reviewed in this Audit since the same have been subject to review by the statutory financial auditors, tax auditors, and other designated professionals.

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.

Adequate notice is given to all directors to schedule the board meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that, based on the information provided and the representation made by the Company and also on the review of the compliance certificates / reports taken on record by the Board of Directors of the Company, there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the audit period the Company has no events / actions having a major bearing on the company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc. referred to above viz.

Disclosure of Remuneration

Information pursuant to Section 134(3)(g) and Section 197 (12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 for the financial year ended March 31, 2023.

Sr. No.	Requirements of Rule 5(1)	Details
i.	The ratio of the remuneration of each director to the median remuneration of the employees of the company for the financial year	: The ratio of remuneration of director to median remuneration of employees is (84,00,000:6,15,912) - 13.6:1. <i>Note: None of the Directors of the Company are entitled to any remuneration, except the Whole Time Director, Mr. Naveen Mohta.</i>
ii.	The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year	: There is no percentage increase in remuneration of any Director, Chief Financial Officer or Company Secretary. The Company does not have a Chief Executive Officer or Manager. None of the Directors of the Company are entitled to any remuneration, except the Whole Time Director, Mr. Naveen Mohta. The Independent Directors of the Company are entitled to sitting fees as per the statutory provisions. Sr. No.	Compliance Requirement (Regulations / circulars / guidelines including specific clause)	Deviations	Observations/ Remarks of the Practicing Company Secretary
1.	Regulation 30 along with Schedule III of SEBI LODR Regulations, 2015	Delay in reporting the outcome of Board Meeting of November 9, 2022 by 1.51 minutes to the National Stock Exchange of India Limited and 5.53 minutes to BSE Limited.	As per the clarification received from the Management, there was an innocuous delay as regards to reporting on the outcome of Board Meeting held on November 9, 2022, of 1.51 minutes to the National Stock Exchange of India Limited and 5.53 minutes to BSE Limited, which was purely due to technical reasons.

During the last three years, no penalties or strictures have been imposed on the Company by these authorities, except reporting of the following in the annual secretarial compliance report of the Company:

Sr. No.	Observations of the Practicing Company Secretary in the previous reports	Observations made in the secretarial compliance report for the year ended 31/03/2022	Actions taken by the listed entity, if any	Comments of the Practicing Company Secretary on the actions taken by the listed entity
1.	Delay in disclosure regarding resignation of Mrs. Seema Modi as Non-Executive and Independent Director to National Stock Exchange of India Limited and BSE Limited.	Regulation 30(6) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015	The resignation of Mrs. Seema Modi as Non-Executive and Independent Director of the Company was filed as soon as the resignation was noted by the Board.	As per the clarification received from Management, there was unintentional and technical delay in disclosure regarding resignation of Mrs. Seema Modi as Non-Executive and Independent Director to National Stock Exchange of India Limited and BSE Limited. Further, it was not very sensitive matter and has no significant impact on the price of the shares of the Company.
	Timely submitted with covering letter of the Company, however, Certificate of Registrar and Share Transfer Agent as annexure was missed out.	Regulation 74(5) of Securities and Exchange Board of India (DP) Regulation	The Company has hosted the Certificate received from Registrar and Share Transfer Agent (RTA) with the covering letter submitted to BSE Limited and National Stock Exchange of India Limited on its website.	As clarified by the Management, the Company has inadvertently and unintentionally missed out to attach Certificate received from Registrar and Share Transfer Agent (RTA) with the covering letter submitted to BSE Limited and National Stock Exchange of India Limited. But the same is hosted on the website of the Company.

Management Discussion and Analysis Report

1. INDUSTRY STRUCTURE AND OUTLOOK

OIL & GAS:

The oil and gas industry is not new to surprise, disruption and price volatility but the situation is unique today. With war in Ukraine and subsequent boycott of Russian gas to a great extent, a sort of trilemma was created - Energy Security, Supply diversification and low carbon transactions. The biggest unknown factor impacting prices now in this geo-political risk in Ukraine and cascading effect around the world. In this context, for the oil & gas sector, 2023 appears to be a year of opportunity as well as uncertainty. In the absence of any flare up event, there are several compelling reasons for oil prices to stay in an upbeat mood.

Natural gas has tremendous potential to further clean energy transactions over the coming year. The industry continues to make significant progress in reducing carbon and methane emission from natural gas production. Europe and US are implementing policies incentivizing natural gas investments. Decision making has shifted from phasing out natural gas to reducing emission from this energy source while cleaner alternatives are developed and deployed.

Adequate investment is needed for stable markets now and in future. If investments fall short, high prices and high volatility could become a new standard. Underinvestment threatens to undermine energy sector security in the short and medium term, and it can also stall progress on climate goals by increasing reliance on more carbon incentive options in short term.

In India, the Oil & Gas sector is among the eight core industries and plays a major role in influencing the decision making for all the other important sections of the economy.

India's economic growth is closely related to its energy demand, therefore, the need for Oil and Gas commodities is projected to increase, thereby making the sector quite conducive for investment.

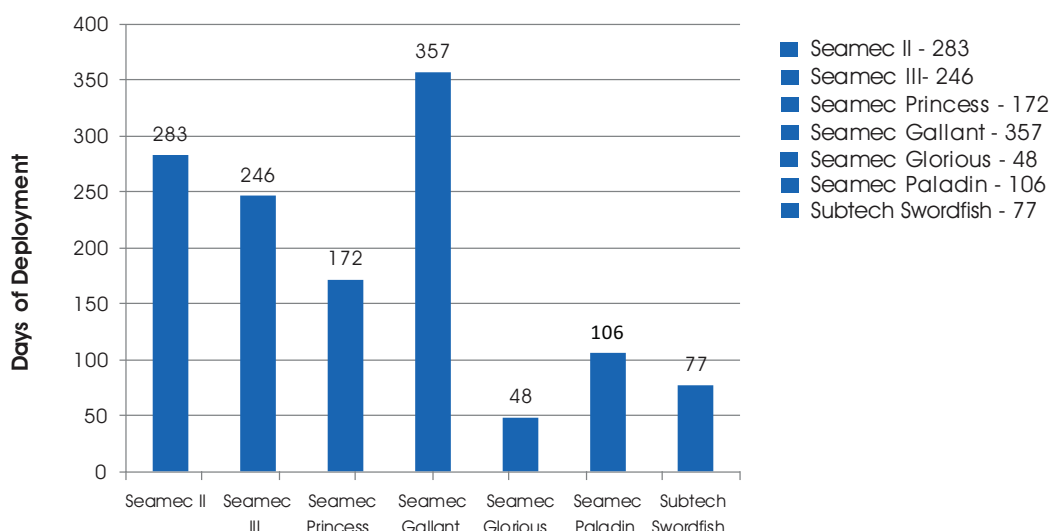

Energy demand of India is expected to grow faster than energy demand of all major economies globally on the back of continuous robust economic growth. The country's share in global primary energy consumption is projected to increase two fold by 2035.

While Oil & Gas Companies recognize geopolitical and macro-economic uncertainty in the year ahead, they have also given a clear mandate to secure adequate (O&G) supply in short term while transiting to cleaner energy in long term.

The Government has adopted several policies to fulfill increasing energy demand. It has allowed Foreign Direct Investment in many segments of sectors including natural gas, petroleum products and refineries. This has resulted in increase of FDI inflows in India significantly.

ONGC has announced plans to invest USD 4 billion from FY 2022 to 2025 to increase its exploration efforts in India. In Union Budget 2022-2023, Government of India provided concession in heavy feed stocks and critical chemicals used in Refinery segment.

Deployment of Vessels - FY 2022 - 23

2. OPPORTUNITIES AND THREATS

SEAMEC continues as a leading player in the offshore oilfields providing services through its owned and operated Multi Support Diving vessels. As a market leader, SEAMEC understands the market dynamics and adopts all required steps to retain its position as a prominent player. As a part of process, addition of new Assets are made to enhance the Fleet Strength to desired level.

Age restrictions of Diving Vessels remain as a threat. Strategic planning has been made for the acquisition of a new Fleet. This has become essential as ONGC has come up with Age restrictions in new tender. Older Tonnage have respite to operate for few more years. These vessels are well maintained and are rendering commendable services to the client's satisfaction. These will be utilized in line with regulatory requirements before phasing out. During the year, SEAMEC added another DSV in its fleet, named SUBTECH SWORDFISH, to strengthen its fleet and ensure stronghold over its market. SEAMEC continues to evaluate opportunities of buying some more DSVs in the coming year to ensure that its fleet is in compliance with the "Age norm" requirement in place as well as remain ahead of curve against upcoming regulations.

SEAMEC has a diverse mix of assets in its portfolio viz; Diving Support Vessel (DSV), Accommodation Barge and Bulk Carriers. On a confident note, SEAMEC looks forward to augmenting its growth in terms of owning additional assets and suitable utilization, earning and profit its progress year by year. On Bulk Carrier front, management decided to keep all Bulk Carriers under

the umbrella of its overseas subsidiaries and accordingly one Bulk Carrier owned by SEAMEC brought under its Wholly Owned Subsidiary in Dubai.

In Bulk Market, the Atlantic Bulk market had been under pressure in end 2022 with most stems covered until mid-January 2023, resulting softer rates mainly due to less activity. The Bulk Carrier market is picking up gradually having increase movement of cargo in coal grains and minerals complementing to the requirement of different types of Bulk Carrier.

The long-term prospect of dry bulk market is poised to be encouraging. Looking forward from the second half of 2023 onwards to 2024, further improvements in the bulk market is likely to materialize on the back of more positive underlying supply demand fundamentals.

As a strategic diversion, the Company has set up a Joint Venture Company venturing into tunnel construction jobs and other EPC contracts. Joint Venture Company's maiden execution is underway. This new line of business gives new experience and with initial struggling, now being overcome. The Company objectively pursuing to explore the immense opportunities to its advantage.

3. BUSINESS SEGMENT ANALYSIS

The business segment for the Company during the year under review has been the offshore segment in domestic market and bulk carrier operations in overseas boundaries.

The performance of the Company and details of segment reporting are presented in the financial statements and notes annexed thereto.

Comments on Current Year's Financial Performance:

Revenue	:	The increase in revenue is due to new acquisition and lumpsum contract for SEAMEC PRINCESS.
Operating Cost	:	Operating cost has increased due to lumpsum contract for SEAMEC PRINCESS and additional cost for SEAMEC GLORIOUS.
Depreciation	:	Higher depreciation is due to new acquisition of Vessel SUBTECH SWORDFISH and additional depreciation due to dry dock & modification of SEAMEC II and SEAMEC GLORIOUS.
Operating Profit (Loss)	:	Operating profit has come down because of disproportionate increase in operating expenses.
Current Tax Exp.	:	The Company is being assessed under Tonnage Tax Scheme. Current tax is decreased due to loss from fleets which are not covered under Tonnage Scheme and its set off against the income from other heads.
Net Profit (Loss)	:	Overall profit on a comparative basis is less because of increase in depreciation and decrease in non-operating income because of redemption of investment for acquisition of vessel.

05. HUMAN RESOURCES AND INTERNAL CONTROL ADEQUACY

Human Resources and Internal Control System and adequacy thereof have been stated in the Directors' Report that forms part of this Report.

About Seamec

SEAMEC Limited (SEAMEC), a prominent name in the offshore shipping industry for oilfield services and Diving Support Vessels (DSV) in India and abroad, is a part of MM Group. HAL Offshore, MM Group's Flagship Company, holds approximately 70% of the company's shares.

Since its humble inception in 1986 as Peerless Leasing Pvt Ltd to its current status as a subsidiary of HAL Offshore Ltd (HAL) and a part of MM Group, Seamec has achieved numerous milestones in the offshore shipping industry. Seamec is now a powerhouse to be reckoned with, boasting the largest fleet of DSVs in the Middle East and India region. The Company caters to a variety of clients on a turnkey or day-rate basis with a well-maintained fleet of DSVs.

The Oil & Gas sector is one of India's eight core industries, wielding significant influence over the economy's vital sectors. As India's economy grows, so does its energy demand, creating an urgent need for increased investment in oil and gas. By 2040, energy demand is projected to double to 1123 million tons of oil equivalent, spurred by an expected rise in GDP to USD 8.6 trillion. In turn, this should have an impact on SEAMEC's line of business.

To succeed in this sector, companies must optimize resources, set smart goals, retain top talent, and adopt Environmental, Social and Governance (ESG) standards. In the oil and gas industry, activities will require Company's Diving Support Vessels, with SEAMEC dominating the core areas of pipeline development and replacement, ONGC contracts, and IMR jobs.

As the leading provider of offshore oilfield services in subsea shipping, we own and operate four diving support vessels and an accommodation barge that facilitate complex subsea operations, serving as a critical support system for the oil and gas sector. Our primary revenue streams come from offshore shipping and subsea segments. In 2017, we successfully diversified into the main fleet shipping business, acquiring a vessel portfolio of four bulk carriers through our subsidiaries to reduce business risk. This strategic move is yielding positive results, as the bulk carrier market dynamics offer potential growth opportunities in the future.

The company is ISO 9001:2015, ISO 14001:2015, and ISO 18001:2007 certified, conforming to Quality, Health, Safety, and Environmental (QHSE) standards, and has a shore-based management system. The company has also diversified into the bulk carrier segment since 2017, with four bulk carriers that facilitate marine transportation of various dry-bulk materials, including food staples, commodities, industrial products, and scrap.

Our vision is to enhance our global presence by offering sustainable oil and gas support services through our diving support vessels, expanding our main fleet to achieve desired growth, executing infrastructure projects, and diversifying into a conglomerate.

As responsible corporate citizens, we also actively engage in corporate social responsibility activities in compliance with regulatory requirements.

We would like to express our gratitude to all our key stakeholders and employees for their unwavering support and dedication that has helped us grow as an organization.

24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Seamec's material issues were determined through a comprehensive process that involved stakeholder engagement and an analysis of our business environment. We began by identifying a probable set of issues common to our sector and geographic location.

These issues were then prioritized through a collaborative process involving our stakeholders and Seamec's senior management. We focused on those issues that were considered critically important from three perspectives: our stakeholders, our senior management, and the broader business context influenced by macro trends.

The result of this rigorous process was the identification of the material issues for our company. These issues, that we believe are most significant for Seamec's sustainability and long-term success, are given below with their relative position in the materiality map.

The material Issues identified for Seamec are given below.

1. Water and effluents (E1)
2. GHG emissions and Air pollution (E2)
3. Human rights across value chain (S1)
4. Health and safety of employees (S2)
5. Equal opportunity and non-discrimination (S3)
6. Anti-corruption practices of the company (G1)
7. Policies for ethical behavior (G2)
8. Responsible policy advocacy (G3)

Among the identified material issues, 2 are environmental, 3 are social, and 3 are governance related.

Seamec maintains rigorous policies and procedures in place to ensure that all grievances are received and addressed effectively. This includes the Whistle Blower Policy and the Policy on Protection of Women against Sexual Harassment at the workplace.

Our Whistle Blower Policy, as part of a larger Vigil Mechanism, provides a secure avenue for employees and other stakeholders to voice concerns over any irregularities, perceived misconduct, or unethical behavior within the organization. This policy is designed to uphold our commitment to the highest standards of ethical, moral, and legal conduct of business operations. Individuals raising such complaints are safeguarded against any form of retribution, providing them with the reassurance to speak up without fear of reprisal. In cases deemed appropriate or exceptional, provisions are made for direct access to the Chairperson of the Audit Committee, ensuring the highest level of scrutiny and impartiality.

In our ongoing effort to provide a safe and respectful work environment, we have also instituted the Policy on Protection of Women against Sexual Harassment at the workplace. An Internal Complaints Committee (ICC) has been established to handle and address any grievances related to sexual harassment. The ICC ensures that all complaints are addressed confidentially, promptly, and with utmost sensitivity. The process for submitting and resolving complaints through the ICC is clearly outlined in the policy, which is readily accessible on the Company's website.

In all, these mechanisms reflect Seamec's unwavering commitment to maintaining an open, transparent, and respectful workplace where the concerns and well-being of our employees are treated as a priority.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Seamec is deeply committed to ensuring the health and safety of its employees. Recognizing the potential hazards in the maritime sector, Seamec has established comprehensive safety management measures. This includes stringent adherence to the International Safety Management Code, which sets an international standard for the safe management and operation of ships. The company prides itself on maintaining a Document of Compliance and Safety Management Certificates, demonstrating its commitment to these standards.

In addition to these measures, Seamec conducts thorough risk assessments to ensure the safety of not only its ships and personnel but also the environment. Risk assessments are instrumental in identifying potential hazards, and the company takes proactive steps to establish appropriate safeguards, thereby minimizing the risk of injuries and ill-health.

Seamec believes in the importance of involving its employees in the development and implementation of their Occupational Health & Safety Management System. Employee participation is actively encouraged, as the company values the insights and experiences of its staff in making the workplace safer.

Furthermore, to ensure its employees receive timely and quality medical care in emergencies, Seamec provides group medical insurance coverage. This coverage underscores Seamec's commitment to the welfare of its employees, both on and off duty.

While these measures form the core of Seamec's commitment to safety, the company is always looking for ways to improve and enhance its practices, ensuring that it remains at the forefront of safety and health in the maritime sector.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

Determination of scope of materiality assessment includes identifying the issues, topics, or areas that were assessed for their potential impact on the Company's operations, reputation, or stakeholders. This was done based on initial guidance as per SASB and GRI suggested approaches.

- **Identification of internal stakeholders:** Internal stakeholders are those who have a direct connection to the company, such as employees, shareholders, and management. Identified all internal stakeholders who may be affected by the materiality assessment.
- **Identification of external stakeholders:** External stakeholders are those who do not have a direct connection to the company, but who are impacted by the Company's operations, such as customers, suppliers, regulators, and the local community.
- **Prioritization of identified stakeholders:** Prioritized stakeholders based on their level of interest in the assessment, as well as their level of influence over SEAMEC's operations were finalized for further engagement for the materiality assessment process.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/ No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

The Company recognizes the significance of frequent and proactive interaction with its key stakeholders to communicate and improve its strategies and performance effectively. The Company also conducted stakeholder engagement specifically to obtain their feedback on ESG issues. The information from this engagement is utilized by the board to arrive at strategies for Seamec.

By maintaining ongoing engagement, the Company can enhance its understanding of stakeholder expectations and better meet their needs. The Board is kept apprised of relevant progress, and the Directors are solicited for their inputs on a needy basis.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

Yes, the Company conducts materiality assessment through the stakeholder engagement process. The details related to the material topics identified are given in Section A, and the key stakeholders engaged with are elaborated within this chapter itself. The Company is constantly improving its strategies and processes as per the input of stakeholders. One such instance was the training & capacity building conducted for Seamec on human rights after the stakeholders had shown interest in the topic.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.**

The Company's Corporate Social Responsibility (CSR) activities are centered on supporting disadvantaged, vulnerable, and marginalized segments of society. More details on the initiatives and the outcomes are given in the principle 8 chapter and in the CSR section of the Annual Report.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business?

Yes, Head HR / Supervisor

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

At Seamec, we prioritize the respect and protection of human rights. Our internal mechanisms for addressing grievances related to human rights issues are robust and comprehensive, and they include the following steps:

- Filing of Grievance:** Any employee who feels their human rights have been violated can make a formal, written complaint to their supervisor or the Human Resources (HR) department. This initiates the grievance process, and confidentiality is maintained throughout.
- Investigation:** The HR department or supervisor then conducts a thorough investigation into the matter. This includes engaging with both the person who has lodged the complaint and the party against whom the complaint has been made, as well as any relevant witnesses or involved parties.
- Resolution Attempt:** The HR department or supervisor attempts to resolve the issue through dialogue and mutual agreement. This process respects the rights and dignity of all parties involved.

4. **Mediation:** If a satisfactory resolution is not reached, a neutral mediator may be brought in to facilitate further discussion. This mediator could be an internal or external party, depending on the nature of the grievance.
5. **Remedial Measures:** Based on the findings of the investigation and mediation process, the HR department, supervisor, or mediating authority may prescribe appropriate remedial measures or sanctions.
6. **Appeal:** If the aggrieved employee is not satisfied with the outcome, they have the right to escalate their grievance, potentially to a court of law.

In addition to this process, we have specific policies in place to address particular forms of human rights violations:

- **Sexual Harassment Policy:** We have a dedicated committee that oversees and resolves any complaints related to sexual harassment in the workplace.
- **Vigil Mechanism and Whistle Blower Policy:** This policy is designed to address grievances regarding any suspected misconduct or irregularities within the company. In exceptional cases, employees can directly contact the Chairman of the Audit Committee.

We believe in fostering a work environment where human rights are respected and protected. We are committed to continually reviewing and improving our grievance redressal mechanisms to ensure they remain effective and responsive to our employees' needs.

6. Number of Complaints on the following made by employees and workers:

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

As a renowned maritime Company, Seamec is fully committed to sustainable waste management practices that prioritize the health of our oceans and the planet. Our waste management strategy is meticulously designed and executed to ensure compliance with all applicable environmental regulations and standards.

The waste generated aboard our vessels is managed with utmost care, adhering to environmentally sound disposal methods. We employ a systematic, digitized approach to facilitate this process, utilizing the Swachh Bharat site, a government initiative promoting cleanliness and waste management in India.

Upon identifying the type and quantity of waste generated, we select the most suitable port and vendor listed on the Swachh Bharat site. This digital platform not only enables efficient waste tracking and disposal but also ensures transparency and accountability in our waste management practices. The chosen vendor is alerted in advance about the impending waste collection.

Upon the completion of waste collection, the vendor issues a certificate that substantiates the responsible handling and disposal of our waste. This certificate is uploaded onto the Swachh Bharat site for public records and a copy is retained on the vessel for our internal records.

In addition to managing waste, Seamec is dedicated to reducing the usage of hazardous and toxic chemicals in our operations. Our strategy includes prioritizing the use of environmentally friendly alternatives and implementing stringent controls on the usage of any potentially harmful substances.

When the use of hazardous or toxic chemicals is unavoidable, we have implemented robust practices to manage the associated waste responsibly. This includes the segregation of hazardous waste, specialized handling procedures, and ensuring disposal through certified vendors who are equipped to handle such waste.

Our commitment to environmental stewardship underlines all our operations at Seamec. We believe in conducting our business in a way that not only meets our service commitments but also contributes positively to the environment.

Independent Auditor's Report

To the Members of Seamec Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

1. OPINION

We have audited the accompanying standalone financial statements of **Seamec Limited ("the Company")**, which comprise the Standalone Balance Sheet as at 31st March 2023, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2023, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

2. BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

3. KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

4. INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in Company's Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. If, based on the work performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to state in this regard.

5. RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and

are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

6. AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- a. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Companies Act, 2013, we give in the **"Annexure A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- b. As required by Section 143(3) of the Act, we report that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - iii. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including Other Comprehensive Income, the Standalone Statement of Changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - iv. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - v. On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - vi. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**.
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 41 of standalone financial statements;
 - b. The company did not have any long-term contracts including derivative contract for which there were any material foreseeable losses;
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d. (i) Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (ii) Management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (iii) Based on such audit procedures performed and information and explanation given, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- e. As the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. April 01, 2023, and accordingly, reporting under this clause is not applicable for the financial year ended March 31, 2023.
- c. With respect to the other matters to be included in Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our informations and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of the Section 197 of the Act.

Annexure A to the Independent Auditor's Report

Annexure A to the Independent Auditor's Report of even date to the members of the Seamec Limited ("the Company") on the standalone financial statements for the year ended 31st March 2023

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that;

(I) PROPERTY, PLANT AND EQUIPMENT AND INTANGIBLE ASSETS

- a)
 - A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment;
 - B. The Company has maintained proper records showing full particulars of intangible assets;
- b) The Company has a programme of physical verification to cover Property, Plant and Equipment in a phased manner by which these assets are verified every year. In our opinion, the periodicity of the physical verification is reasonable having regard to the size of the Company and the nature of its assets. For the assets where physical verification exercise was completed, no material discrepancies were noticed on such verification for material items.
- c) There is no Immovable Property in the books of accounts of the Company. Accordingly, the provision of paragraph 3(i)(c) of the Order is not applicable to the Company.
- d) The Company has not revalued its Property, Plant and Equipment and intangible assets during the year.
- e) As disclosed by the management in note 58 (i) of the standalone financial statements, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) (as amended in 2016) and rules made thereunder.

(II) INVENTORIES

- a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on such verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.
- b) The Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, during the year, from banks on the basis of security of current assets. The quarterly returns or statements filed by the company with such banks are in agreement with the books of account of the Company.

(III) LOANS, INVESTMENTS, GUARANTEES, SECURITIES AND ADVANCES IN NATURE OF LOAN

The Company has made investments in its subsidiary companies during the year or granted loans to its subsidiary company which were outstanding at balance sheet date, in respect of which:

- (a) During the year the Company has not provided loans, advances in the nature of loans, stood guarantee or provided security to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on paragraph 3(iii)(a) of the Order is not applicable to the Company. The summary of loans provided during the year or outstanding as at the balance sheet date is as follow:

	Loan Amount (₹ in Lakhs)
Aggregate amount granted during the year	
- Subsidiary	-
Balance outstanding as at balance sheet date	
- Subsidiary	260

- (b) In our opinion, the terms and conditions of the investments made during the year are, prima facie, not prejudicial to the interest of the Company.
- (c) In respect of loan granted to subsidiary company, the schedule of repayment of principal and payment of interest has been stipulated and the repayment or receipts are regular except in the following cases:

Name of the Entity	Amount (in lakhs)	Due date	Extent of delay	Remarks, if any
Seamec Nirman Infra Limited	10.00	31-03-2023	1 day	Loan and interest repayment terms are renewed/ extended during the year and also further re-scheduled subsequent to balance sheet date.
Seamec Nirman Infra Limited	1.76	31-03-2023	1 day	

- (d) There is no overdue amount for more than ninety days in respect of loans given.
- (e) The Company had granted loans to subsidiary company which had fallen due during the year and the Company had renewed / extended the same during the year to settle the dues of the existing loans.

The Company had granted loans to subsidiary company which had fallen due as at the balance sheet date. Subsequent to the balance sheet date, the Company had renewed / extended / granted fresh loans to the party to settle the dues which had fallen due for the existing loans as at March 31, 2023.

The aggregate amount of such dues renewed / extended / settled by fresh loans and the percentage of the aggregate to the total loans or advances in the nature of loans granted during the year are as follows:

Name of Parties	Aggregate amount of overdues of existing loans renewed or extended (₹ in lakhs)	Percentage of the aggregate to the total loans or advances in the nature of loans granted as at the balance sheet date
Seamec Nirman Infra Limited	110	42%

- (f) The Company has not given any loans either repayable on demand or without specifying any terms or period of repayment.

(IV) COMPLIANCE OF SEC. 185 & 186

The Company has not given loans or guarantees to directors or other persons in which a director is interested or provide security in connection with such a loan and as such section 185 of the Companies Act is not applicable. In respect of investments made, Section 186 of the Companies Act, 2013 have been complied with.

- (V) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the Rules framed there under apply. Accordingly, the provision of paragraph 3(v) of the Order is not applicable to the Company.

- (VI) The Central Government has not prescribed the maintenance of cost records under sub section (1) of section 148 of the Companies Act. Accordingly, the provision of paragraph 3(vi) of the Order is not applicable to the Company.

(VII) STATUTORY DUES

- a) The Company has generally been regular in depositing its undisputed statutory dues including Goods and Service tax, Provident Fund, Employees State insurance, Income-tax, Custom duty, Cess and other relevant material statutory dues, which are accounted in its books of account.

There are no undisputed amounts payable in respect of above statutory dues, which were in arrears as at 31 March 2023 for a period of more than six months from the date they become payable.

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2023 on account of disputes are given below;

Name of the statute	Nature of Dues	Amount (INR in Lakhs)	Period to which amount relates	Forum where the dispute is pending
Finance Act, 1994	Service Tax	205.13	2014-15	Commissioner of GST and Central Excise
Finance Act, 1994	Service Tax	385.14	2015-16	Commissioner of GST and Central Excise
Finance Act, 1994	Service Tax	225.34	For 2016-17 and 2017-18	CESTAT

(viii) As disclosed by the management in note 58 (vii) of the standalone financial statements and as verified by us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

(IX) APPLICATION & REPAYMENT OF LOANS & BORROWINGS

- (a) The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender, during the year.
- (b) As disclosed by the management in note 58 (viii) of the standalone financial statements, the Company has not been declared as willful defaulter by any bank or financial institution or other lender.
- (c) The Company did not raise any funds through term loans during the year hence, the requirement to report on clause (ix)(c) of the Order is not applicable to the Company.
- (d) On an overall examination of the balance sheet of the company, we report that, prima facie, no funds raised on short-term basis have been used for long-term purposes by the company.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, the provision of paragraph 3(ix)(e) of the Order is not applicable to the Company.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Accordingly, the provision of paragraph 3(ix)(f) of the Order is not applicable to the Company.

(X) APPLICATION OF FUNDS RAISED THROUGH PUBLIC OFFER

- (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, the provision of paragraph 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the provision of paragraph 3(x)(b) of the Order is not applicable to the Company.

(XI) FRAUD

- (a) No fraud by the Company or any fraud on the Company has been noticed or reported during the course of our audit nor have we been informed of any such case by the management.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) As represented to us by the management, there were no whistle blower complaints received during the year by the Company.

(xii) The Company is not a Nidhi Company and hence reporting under paragraph 3 (xii) of the Order is not applicable to the Company.

(xiii) In our opinion, the Company is in compliance with section 177 and 188 of the Companies Act, 2013 with respect to all applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting standards.

(XIV) INTERNAL AUDIT

- (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the reports of the internal auditors issued to the Company for the period under audit.
- (xv) During the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Accordingly, reporting under paragraph 3(xv) of the Order is not applicable to the Company.

(XVI) REGISTRATION U/S 45-IA OF RBI ACT

- (a) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3(xvi) (a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities as per the Reserve Bank of India Act, 1934. Accordingly, reporting under paragraph 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under paragraph 3(xvi)(c) of the Order is not applicable to the Company.
- (d) As represented to us, the Group does not have any CIC as part of the Group.

(xvii) The Company has not incurred cash losses during the current financial year and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under paragraph 3(xviii) of the Order is not applicable to the Company.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management

plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) As disclosed by management in note 49 of the standalone financial statements and as verified by us, the gross amount required to be spent by company

towards Corporate Social Responsibility (CSR) during the year has been duly spent during the year hence reporting under paragraph (xx)(a) and clause (xx)(b) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's Report of even date

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

OPINION

We have audited the internal financial controls with reference to standalone financial statement of Seamec Limited ("the Company") as of 31st March, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statement were operating effectively as at 31st March, 2023, based on, the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on, "the internal control with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable

to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

1 CORPORATE INFORMATION

SEAMEC Limited is a public Company incorporated in India under the provision of the Companies Act, 1956 having its registered office at A- 901-905, 9th Floor, 215 Atrium, Andheri Kurla Road, Andheri East, Mumbai-400 093. Its shares are listed on two recognised stock exchanges in India. The Company operates Multi Support Vessels for providing support services including marine, construction and diving services to offshore oilfields and bulk carrier vessel for providing bulk carrier services. The Company caters in both domestic as well as International Market.

The Board of Directors approved the standalone financial statements for the period ended March 31, 2023 and authorised for issue on May 24, 2023.

2 BASIS OF PREPARATION

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (referred to as Ind AS) as prescribed under section 133 of the Companies, Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

The Standalone Financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest Lakhs, except otherwise stated.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Use of Judgements, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in future periods which are affected.

Estimates and Assumptions

The Financial Statements have been prepared on the historical cost basis except for certain financial

instruments that are measured at fair values at the end of each reporting period. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial years, are described below:

Useful lives of property, plant and equipment including Impairment thereof

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The company assess the impairment in the carrying value of tangible assets at each reporting date using best available information.

Recovery of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions and contingent liabilities

The company is a party to certain legal disputes, the outcomes of which can not be assessed with a high degree of certainty. Base on the legal views and advice and management estimates, provisions are recognised or contingent liabilities are disclosed based on application of managements judgements. Contingent liabilities are disclosed in Note 41.

Management applies its judgement in determining whether or not a provision should be recorded or a contingent liability should be disclosed.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(b) Classification of Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non – current classification.

An asset is treated as current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realized within twelve months after the reporting year, or
- iv) Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting year.

All other assets are classified as noncurrent.

A liability is current when:

- i) It is expected to be settled in normal operating cycle,
- ii) It is held primarily for the purpose of trading,
- iii) It is due to be settled within twelve months after the reporting year, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting year.

The Company classifies all other liabilities as non – current.

Deferred tax assets and liabilities are classified as non – current assets and liabilities, as applicable.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The company has identified twelve months as its operating cycle.

(c) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation/amortization and impairment losses, if any. The cost comprises of the acquisition / installation price (net of GST credit wherever applicable) and any attributable cost of bringing the property, plant and equipment to its working condition for its intended use.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development / under Dry Docking as at the balance sheet date.

Subsequent expenditures related to an item of property, plant and equipment are added to its gross book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance.

When a major inspection/ overhaul is performed, its cost is recognized in the carrying amount of the related property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in statement of profit and loss as incurred.

The Company identifies and determines separate useful life for each major component of property, plant and equipment, if they have useful life that is materially different from that of the remaining asset. The Company has identified expenditure incurred on dry-docking as a separate component which is capitalised as the cost of the relevant vessel and is amortized systematically over the interval until the subsequent scheduled dry-docking.

Items such as Machinery spares is recognised in accordance with Ind AS 16 "Property, Plant and Equipment" when they meet the definition of property, plant and equipment. Otherwise, such items are classified as inventories.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress". Advances given towards acquisition of fixed property, plant and Equipments outstanding at each Balance Sheet date are disclosed as Capital Advances under "Other Non Current Assets".

Losses arising from the retirement of, and gains and losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the property, plant and equipment and are recognised in the statement of profit and loss when the property, plant and equipment is derecognised.

The residual values, useful life and methods of depreciation of property, plant and equipment are reviewed at each

(d) Depreciation on Property, plant and equipment

Depreciation on property, plant and equipment is provided using the Straight Line Method basis so as to write off the original cost of the asset less its estimated residual value over the estimated useful life. The Management estimates the useful life for property, plant and equipment as follows.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

Assets	Estimated useful life (Years)
Fleet (Multi Support Vessels)	15 to 20 Years
Fleet (Utility Vessel)	5 Years
Fleet (Bulk Carrier)	25 Years
Fleet Equipments	2 to 20 Years
Dry Dock	Period from the Dry Dock date till the estimated date for next Dry Dock
Lease hold improvements	Lease period
Office Equipments and Computers	3 to 10 Years
Machinery Spares capex	5 Years
Computers / Laptops	3 Years
Vehicles	8 Years

For these class of property, plant and equipment, based on technical evaluation carried out by the management, the useful life as given above best represent the period over which the management expects to use these property, plant and equipment. The useful life for these property, plant and equipment are different from the useful life as prescribed under Part C of schedule II of the Companies Act 2013. The Management believes that these estimated useful life are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Residual Value:

The useful life and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The life are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(e) Intangible Assets and Amortisation

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets are stated at cost of acquisition less accumulated amortization and impairment losses, if any. Intangible assets are amortized over their estimated useful economic life. Computer Software cost is amortized over a period of five years using straight-line method.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the

carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

(f) Assets classified as held for sale

An item of Property, plant and equipment is classified as asset held for sale at the time when the Management is committed to sell / dispose off the asset and the asset is expected to be sold / disposed off within one year from the date of classification. Assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Assets classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale to owners are not depreciated or amortised.

(g) Impairment of Non Financial Assets

As at each balance sheet date, the Company assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, if any, the Company determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

(h) Inventories

Inventories consist of fuel, stores, consumables and work in progress for running of fleets & providing

Notes to Standalone Financial Statements

for the year ended March 31, 2023

charter hire services. These are valued at lower of cost and net realizable value after providing for obsolescence, if any. Cost is determined on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

An item of spare part meets the definition of 'property, plant and equipment' and satisfies the recognition criteria as per paragraph 7 of Ind AS 16, such an item of spare is recognised as property, plant and equipment. If that spare part does not meet the definition and recognition criteria as cited in paragraph 7 of Ind AS 16 that spare is recognised as inventory. Spare parts are generally available for use from the date of its purchase. Accordingly, spare parts recognised as property, plant and equipment are depreciated when the same are available for use.

(i) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less. Fixed deposit having residual maturity up to twelve months from the reporting period is considered as part of bank balances other than cash and cash equivalent. Fixed deposit with residual maturity more than twelve months from reporting period is classified under other non-current assets.

(j) Retirement and other employee benefits

Retirement benefits in the form of Provident Fund are a defined contribution scheme. The Company's contributions paid / payable towards these defined contribution plan is recognized as expense in the Statement of Profit and Loss during the year in which the employee renders the related service. There are no other obligations other than the contribution payable to the respective fund. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Contribution to Superannuation Fund, a defined contribution plan, is made to the Life Insurance

Corporation of India, as per the arrangement with them, and the contributions are charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due.

Gratuity, a defined benefit scheme is covered by a Group Gratuity cum Life Assurance Policy with Life Insurance Corporation of India ("LIC"). Annual contribution to the fund is as determined by LIC. The shortfall between the accumulated funds available with LIC and liability as determined on the basis of an actuarial valuation is provided for as at the year-end. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent years.

Past service costs are recognised in profit or loss on the earlier of: The date of the plan amendment or curtailment and the date that the company recognises related restructuring costs. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and Net interest expense or income.

Short term compensated absences are provided for based on estimates. The Company presents these as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

Notes to Standalone Financial Statements

for the year ended March 31, 2023

(k) Foreign Currency transactions

The Company's financial statements are presented in INR, which is also the Company's Functional Currency.

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying, to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the fortnightly average rates.

ii) Conversion

At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference. (i.e. translation differences on items whose gain or loss is recognised in other comprehensive income or the statement of profit and loss is also recognised in other comprehensive income or the statement of profit and loss respectively).

(l) Taxes on Income

Tax expense comprises of Current Tax, Deferred Tax and tax adjustments of earlier years. Current Income tax liability on shipping income is determined based on the net tonnage of each of its vessels, in accordance with section 115VT of the Income Tax Act, 1961. Income other than shipping income is taxed in accordance with the other provisions of the Income Tax Act, 1961.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purposes at the reporting date.

Deferred tax are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax liabilities / Assets are not recognised for all taxable temporary differences, except for Non shipping income/ Expenses, since the Company is assessed under section 115VT of the Income Tax Act, 1961.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(m) Revenue Recognition.

i) Revenue from Contract with Customers

Revenue is recognised in the Statement of Profit and Loss when:

- Identification of the contract, or contracts, with a customer
- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when, or as, we satisfy a performance obligation

Revenue is recognised when the performance obligation has been satisfied, which happens upon the transfer of control to the customer at an amount that reflects the consideration

Notes to Standalone Financial Statements

for the year ended March 31, 2023

to which the Company expects to be entitled in exchange for the services. Revenue is recognised when or as performance obligations are satisfied by transferring the promised services to the customer, i.e. at a point in time or over time provided that the stage of completion can be measured reliably.

Revenue mainly comprises charter hire from the vessels, which is recognised on a straight-line basis over the period of the charter. Revenues from supply of crew and services are classified as other operating revenue and recognised on rendering of the service, based on day rate charges as per the terms of the agreements.

Cost of services rendered includes port expenses, bunkers (Fuel Oil), commissions, hire of boat/steamers, stores, spares, repair and maintenance expenses, Insurance expenses etc.

Employee Benefit Expenses - Which comprise of shore staff & floating staff expenses. Financial expenses - Financial expenses comprise interest expenses. Other expenses - Other expenses which comprise office expenses, provisions, managements cost and other expenses relating to administration.

The Company collects Goods and Service Tax (GST) on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

ii) Interest & Dividend Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate, which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss. Dividend income is recognised when the Company's right to receive dividend is established by the Balance Sheet date.

(n) Leases

The Company as a Lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right

to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

1. The contract involves the use of an identified asset
2. The Company has substantially all of the economic benefits from use of the asset through the period of the lease and
3. The Company has the right to direct the use of asset.

As the date of commencement of the lease, the Company recognizes a right-of-use-asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain Lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The of right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-to-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the assets belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease

for the year ended March 31, 2023

payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of changes its assessment if whether it will exercise an extension or a termination option.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Lease liability and ROU asset have been separately presented in the respective Note and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

(o) Provisions

A provision is recognized when the Company has a present obligation (Legal or Constructive) as a result of past events, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(p) Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance

assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. The Operating segments have been identified based on geographical location of the vessel. The operating segments have been disclosed based on revenues within India and outside India.

(q) Earnings per Share

Basic earnings per share are calculated by dividing the net profit/ loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of diluted potential equity shares, if any.

(r) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

(s) Borrowing Costs

Borrowing costs directly attributable to the acquisition and construction of an asset which takes a substantial period of time to get ready for its intended use, are capitalized as a part of the cost of such assets, until such time the asset is substantially ready for its intended use. All other borrowing costs are recognized in the Statement of Profit and Loss in the year in which they occur. Borrowing costs consist of interest and other costs incurred in connection with borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(t) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- (i) Debt instruments at amortised cost
- (ii) Debt instruments at fair value through other comprehensive income (FVTOCI).
- (iii) Debt instruments at fair value through profit or loss (FVTPL).
- (iv) Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'Accounting mismatch'). The company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Derecognition

A financial asset is primarily derecognised when:

The rights to receive cash flows from the asset have expired, or The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent year, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognising impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an company is required to consider:

All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, these historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as loans and borrowings, or payables, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at

Notes to Standalone Financial Statements

for the year ended March 31, 2023

amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously."

(u) Unbilled Revenue and Billing in excess of revenue

Unbilled revenue represents the aggregate of costs chargeable and margin earned under projects in progress as of the balance sheet date. Such amounts become billable according to the contract terms which usually consider the passage of time, achievement of certain milestones or completion of the project.

Contract revenue earned in excess of billing has been reflected under "Other Current Assets" and billing in excess of contract revenue is reflected under "Other Current Liabilities" in the balance sheet.

(v) Fair Value Measurement

The Company measures financial instruments at fair value each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest

Notes to Standalone Financial Statements

for the year ended March 31, 2023

level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.”

The Management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. The Management comprises of the head of the investment properties segment, heads of the Company’s internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(w) Recent pronouncement

The Ministry of Corporate Affairs (MCA) on March 31, 2023 through Companies (Indian Accounting

Standards) Amendment Rules, 2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after April 01, 2023.

IND AS 1 – Presentation of Financial Statements

The amendment requires the Company to disclose its material accounting policies rather than their significant accounting policies. The Company will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward. The Company does not expect this amendment to have any material impact in its financial statements.

IND AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has changed the definition of a “change in accounting estimates” to a definition of “accounting estimates”. The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates. The Company does not expect this amendment to have any material impact in its financial statements.

IND AS 12 – Income Taxes

The amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences. The Company does not expect this amendment to have any material impact in its financial statements.

1. Defined Contribution Plans :

Amount of ₹ 107.27 Lakhs (31.03.2022 : ₹ 87.14 Lakhs) is recognized as an expense and included in Employee Benefit Expense (refer note 36) in statement of profit and Loss, which includes provident fund and super annuation fund.

2. Defined Benefit Plans :

The Company has a defined benefit gratuity plan. Every employee (other than crew who have covered under separate scheme) who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with an insurance Company in the form of a qualifying insurance policy.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees decides its contribution based on the results of this annual review.

54 FINANCIAL RISK MANAGEMENT- OBJECTIVES AND POLICIES

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The management assures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings.

The below assumption has been made in calculating the sensitivity analysis:

- (1) The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of financial instrument will fluctuate due to change in market interest rates. The company is not exposed to any significant interest rate risk as at the respective reporting dates.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). Currency risk arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the Company's functional currency. The Company's foreign currency transactions are mainly in United State Dollars (USD).

Notes to Standalone Financial Statements

for the year ended March 31, 2023

The Company manages its foreign currency risk by natural hedging.

The following tables demonstrate the sensitivity to a reasonably possible change in USD and other exchange rates, with all other variables held constant. The impact on the company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Particulars	Change in Currency rate	₹ Lakhs
		Effect on Profit Before Tax
USD	1%	75.32
Other currency	1%	(0.64)
USD	-1%	(75.32)
Other currency	-1%	0.64

(b) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Trade Receivables:

Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

Financial Instruments and cash deposits

Credit risk from balances with banks is managed by the company's senior management. The Company's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023, March 31, 2022 is the carrying amounts as illustrated in respective notes.

(c) Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from inability to sell a financial asset quickly at close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet any future commitments.

The table below summarizes the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

***CONSOLIDATED FINANCIAL
STATEMENTS***

Independent Auditor's Report

To the Members of Seamec Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. OPINION

We have audited the accompanying consolidated financial statements of Seamec Limited (**"the Holding Company"**) and its subsidiaries 1) Seamec International FZE, Dubai, 2) Seamate Shipping FZC, Dubai, 3) Seamec Nirman Infra Limited, India, 4) SEAMEC UK Investments Limited, UK, 5) Fountain House 74 Limited, UK and 6) Fountain House 85 Limited, UK (the Holding Company and its subsidiaries together referred to as **"the Group"**), which comprise the consolidated Balance Sheet as at 31st March 2023, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Cash Flows and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as **"the consolidated financial statements"**).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (**"the Act"**) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (**"Ind AS"**) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2023, and its consolidated profit (including

other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

2. BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of the financial statements/ financial information referred to in the **"Other Matters"** paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

3. KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Critically assessed and tested the significant judgments used by management based on past experience. Analyzing the key terms of contract with customers to ascertain provision required for expected credit loss.

4. INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. If, based on the work performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to state in this regard.

5. RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs and consolidated profit (including other comprehensive income), consolidated changes in

equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of the preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, Management and respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Management and Board of Directors either intends to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those respective Board of Directors included in the Group are also responsible for overseeing the Group's financial reporting process of each company.

6. AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary companies which is company incorporated in India, if any, has internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may

cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. OTHER MATTER

We did not audit the financial statements and other financial information; of three subsidiaries (includes two subsidiaries located outside India) whose financial statements include total assets of INR 21,198 lakhs as on 31st March 2023 and total revenues of INR 4,273 lakhs for the year ended on that date and net cash outflow of INR 2,628 lakhs for the year ended on that date. Financial statements of company incorporated outside India, prepared in accordance with accounting principles generally accepted in subsidiary's country of incorporation, have been audited by another auditor under generally accepted auditing standards applicable in that country. The company's management has converted these

financial statements from accounting standards generally accepted in the country of incorporation of the subsidiaries, to accounting principle generally in India. We have audited these conversion adjustments made by the company's Management. Our opinion on consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub – sections (3) of section 143 of the act, in so far as its relates to its aforesaid subsidiaries is based solely on the report of such other auditors.

Our above opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

8. REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- a. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- b. As required by Section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on Separate financial statements and other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - i. We/the other auditors whose report we have relied upon, have sought and obtained, all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements:
 - ii. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors:
 - iii. The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss including the statement of other Comprehensive Income, the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements:
 - iv. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - v. On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2023 taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding Company are disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - vi. With respect to the adequacy and operating effectiveness of the internal financial controls with reference to financial statements of the Holding Company and its subsidiaries, refer **Annexure B** to our audit report of even date.
 - vii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'other matter' paragraph:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group – Refer Note 41 to the consolidated financial statements;
 - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contract during the year ended 31 March 2023.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its Subsidiary Companies incorporated in India.
 - iv. (i) Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company and its Subsidiary Companies incorporated in India to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise,

that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (ii) Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company and its Subsidiary Companies incorporated in India from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company and its Subsidiary Companies incorporated in India shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (iii) Based on such audit procedures performed and information and explanation given, nothing has come to our notice that has caused us to

believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

- v. As the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company and its subsidiary, which are companies incorporated in India only w.e.f. April 01, 2023, and accordingly, reporting under this clause is not applicable for the financial year ended March 31, 2023.
- c. With respect to the other matters to be included in Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our informations and according to the explanations given to us, the remuneration paid by the Holding Company and its subsidiary which are incorporated in India, to its directors during the year is in accordance with the provisions of the Section 197 of the Act.

Opinion

We have audited the internal financial controls with reference to consolidated financial statement of **Seamec Limited ('the Company')** and its subsidiary companies, which are companies incorporated in India, as of 31st March, 2023, in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

In our opinion and based on the consideration of the reports of the other auditors, as referred to in other matters paragraph below, on internal financial controls with reference to consolidated financial statement of the subsidiary companies, the Holding Company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to consolidated financial statement and such controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to consolidated financial statement criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI").

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to consolidated financial statement criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to consolidated financial statement that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the holding company's internal financial controls with reference to consolidated financial statement of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statement was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statement and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statement included obtaining an understanding of internal financial controls with reference to consolidated financial statement, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statement of the Company and its subsidiary companies, which are companies incorporate in India.

Meaning of Internal financial controls with reference to consolidated financial statement

A company's internal financial controls with reference to consolidated financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's

internal financial controls with reference to consolidated financial statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal financial controls with reference to consolidated financial statement

Because of the inherent limitations of internal financial controls with reference to consolidated financial

statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statement to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Financial Statements

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

1 CORPORATE INFORMATION

The consolidated financial statements comprise financial statements of SEAMEC Limited (the company) and its subsidiaries (collectively, the Group) for the year ended March 31, 2023. The company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on two recognised stock exchanges in India. The registered office of the company is located at A-901-905 & 908, 9th Floor, 215 Atrium, Andheri – Kurla Road, Andheri (East), Mumbai - 400069, India.

The Consolidated Financial Statements were authorised for issue in accordance with a resolution of the directors on May 24, 2023.

2 BASIS OF PREPARATION

The financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (referred to as Ind AS) as prescribed under section 133 of the Companies, Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments). The Consolidated Financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lacs, except otherwise stated.

2.1 Basis of Consolidation

The consolidated financial statements comprise the financial statements of the Company, its Wholly owned subsidiaries (SEAMEC INTERNATIONAL FZE, incorporated in Dubai, UAE and Seamec UK Investments Limited, incorporated in UK) and Step down subsidiaries, (SEAMATE SHIPPING FZC, incorporated in Ajman, UAE, Fountain House 74 Limited, incorporated in UK and Fountain House 84 Limited, incorporated in UK) and Joint venture subsidiary (SEAMEC NIRMAN INFRA LIMITED, INDIA) as at March 31, 2023. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);

Exposure, or rights, to variable returns from its involvement with the investee; and

The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

Rights arising from other contractual arrangements;

The Group's voting rights and potential voting rights; and

The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended March 31, 2023. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

Derecognises the assets (including goodwill) and liabilities of the subsidiary.

Derecognises the carrying amount of any non-controlling interests.

Derecognises the cumulative translation differences recorded in equity.

Recognises the fair value of the consideration received.

Recognises the fair value of any investment retained.

Recognises any surplus or deficit in profit or loss

Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Use of Judgements, Estimates and Assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial years, are described below:

Useful lives of property, plant and equipment including Impairment thereof

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The group assess the impairment in the carrying value of tangible assets at each reporting date using best available information.

Recovery of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions and contingent liabilities

The group is a party to certain legal disputes, the outcomes of which can not be assessed with a high degree of certainty. Base on the legal views and advice and management estimates, provisions are recognised or contingent liabilities are disclosed based on application of managements judgements. Contingent liabilities are disclosed in Note 43.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Management applies its judgement in determining whether or not a provision should be recorded or a contingent liability should be disclosed.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(b) Classification of Current and Non-Current

The Group presents assets and liabilities in the balance sheet based on current/ non – current classification.

An asset is treated as current when it is:

- i) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- ii) Held primarily for the purpose of trading,
- iii) Expected to be realized within twelve months after the reporting year, or
- iv) Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting year.

All other assets are classified as noncurrent.

A liability is current when:

- i) It is expected to be settled in normal operating cycle,
- ii) It is held primarily for the purpose of trading,
- iii) It is due to be settled within twelve months after the reporting year, or
- iv) There is no unconditional right to deter the settlement of the liability for at least twelve months after the reporting year. The Group classifies all other liabilities as non – current.

Deferred tax assets and liabilities are classified as non – current assets and liabilities, as applicable.

The operating cycle is the time between the acquisition of assets for processing and their

realization in cash and cash equivalents. The group has identified twelve months as its operating cycle.

(c) Property, plant and equipment.

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation /amortization and impairment losses, if any. The cost comprises of the purchase price (net of GST credit wherever applicable) and any attributable cost of bringing the property, plant and equipment to its working condition for its intended use.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development / under Dry Docking as at the balance sheet date.

Subsequent expenditures related to an item of property, plant and equipment are added to its gross book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. When a major inspection/ overhaul is performed, its cost is recognized in the carrying amount of the related property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in statement of profit and loss as incurred.

The Group identifies and determines separate useful life for each major component of property, plant and equipment, if they have useful life that is materially different from that of the remaining asset. The Company has identified expenditure incurred on dry-docking as a separate component which is capitalised as the cost of the relevant vessel and is amortized systematically over the interval until the subsequent scheduled dry-docking.

Items such as Machinery spares is recognised in accordance with Ind AS 16 "Property, Plant and Equipment" when they meet the definition of property, plant and equipment. Otherwise, such items are classified as inventories. Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress". Advances given towards acquisition of fixed property, plant and Equipments outstanding at each Balance Sheet date are disclosed as Capital Advances under "Other Non Current Assets".

Losses arising from the retirement of, and gains and losses arising from disposal of property, plant and equipment are measured as the difference between the net disposal proceeds

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

and the carrying amount of the property, plant and equipment and are recognised in the statement of profit and loss when the property, plant and equipment is derecognised. The residual values, useful life and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(d) Depreciation on Property, plant and equipment

Depreciation on property, plant and equipment is provided using the Straight Line Method basis so as to write off the original cost of the asset less its estimated residual value over the estimated useful life. The Management estimates the useful life for property, plant and equipment as follows.

Assets	Estimated useful life (Years)
Fleet (Multi Support Vessels)	15 to 20 Years
Fleet (Utility Vessel)	5 Years
Fleet (Bulk Carrier)	25 Years
Fleet Equipments	2 to 20 Years
Dry Dock	Period from the Dry Dock date till the estimated date for next Dry Dock
Lease hold improvements	Lease period
Office Equipments and Computers	3 to 10 Years
Machinery Spares capex	5 Years
Computers / Laptops	3 Years
Vehicles	8 Years

For these class of property, plant and equipment, based on technical evaluation carried out by the management, the useful life as given above best represent the period over which the management expects to use these property, plant and equipment. The useful life for these property, plant and equipment are different from the useful life as prescribed under Part C of schedule II of the Companies Act 2013. The Management believes that these estimated use full life are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Machinery spares which are capitalised, are depreciated over the balance useful life of the

respective property, plant or equipment or the balance useful life of mother vessel, whichever is lower.

Residual Value:

The useful life and residual values of the Group's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The life are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

(e) Intangible Assets and Amortisation

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets are stated at cost of acquisition less accumulated amortization and impairment losses, if any. Intangible assets are amortized over their estimated useful economic life. Computer Software cost is amortized over a period of five years using straight-line method.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

(f) Assets classified as held for sale

An item of Property, plant and equipment is classified as asset held for sale at the time when the Management is committed to sell / dispose off the asset and the asset is expected to be sold / disposed off within one year from the date of classification.

Assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Assets classified as held for sale are presented separately in the balance sheet. Property, plant and equipment and intangible assets once classified as held for sale to owners are not depreciated or amortised.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

(g) Impairment of Non Financial Assets.

As at each balance sheet date, the Group assesses whether there is an indication that an asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, if any, the Group determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

(h) Inventories

Inventories consist of fuel, stores, consumables and work in progress for running of fleets & providing charter hire services. These are valued at lower of cost and net realizable value after providing for obsolescence, if any. Cost is determined on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

An item of spare part meets the definition of 'property, plant and equipment' and satisfies the recognition criteria as per paragraph 7 of Ind AS 16, such an item of spare is recognised as property, plant and equipment. If that spare part does not meet the definition and recognition criteria as cited in paragraph 7 of Ind AS 16 that spare is recognised as inventory. Spare parts are generally available for use from the date of its purchase. Accordingly, spare parts recognised as property, plant and equipment are depreciated when the same are available for use.

(i) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less.

Fixed deposit having residual maturity up to twelve months from the reporting period is considered as part of bank balances other than cash and cash equivalent. Fixed deposit with residual maturity more than twelve months from reporting period is classified under other non-current assets.

(j) Retirement and other employee benefits

Retirement benefits in the form of Provident Fund are a defined contribution scheme. The Group's contributions paid / payable towards these defined contribution plan is recognized as expense in the

Statement of Profit and Loss during the year in which the employee renders the related service. There are no other obligations other than the contribution payable to the respective fund. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Contribution to Superannuation Fund, a defined contribution plan, is made to the Life Insurance Corporation of India, as per the arrangement with them, and the contributions are charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due.

Gratuity, a defined benefit scheme is covered by a Group Gratuity cum Life Assurance Policy with Life Insurance Corporation of India ("LIC"). Annual contribution to the fund is as determined by LIC. The shortfall between the accumulated funds available with LIC and liability as determined on the basis of an actuarial valuation is provided for as at the year-end. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent years.

Past service costs are recognised in profit or loss on the earlier of: The date of the plan amendment or curtailment and the date that the group recognises related restructuring costs. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss: Service costs comprising current service costs, past-service costs, gains and losses on curtailments and nonroutine settlements; and Net interest expense or income.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Short term compensated absences are provided for based on estimates. The Group presents these as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

(k) Foreign Currency transactions

The Group's financial statements are presented in ₹, which is also the Company's Functional Currency.

i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying, to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the fortnightly average rates.

ii) Conversion

At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences

Exchange differences arising on the settlement of monetary items or on reporting Group's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference. (i.e. translation differences on items whose gain or loss is recognised in other comprehensive income or the statement of profit and loss is also recognised in other comprehensive income or the statement of profit and loss respectively)."

(l) Taxes on Income

Tax expense comprises of Current Tax, Deferred Tax and tax adjustments of earlier years. Current Income tax liability on shipping income is determined based on the net tonnage of each of its vessels, in accordance with section 115VT of the Income Tax Act, 1961. Income other than shipping income is taxed in accordance with the other provisions of the Income Tax Act, 1961.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for the financial reporting purposes at the reporting date. Deferred tax are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax liabilities / Assets are not recognised for all taxable temporary differences, except for Non shipping income/ Expenses, since the Company is assessed under section 115VT of the Income Tax Act, 1961.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity)

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(m) Revenue Recognition.

i) Revenue from Contract with Customers

Revenue is recognised in the Statement of Profit and Loss when:

- Identification of the contract, or contracts, with a customer

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when, or as, we satisfy a performance obligation

Revenue is recognised when the performance obligation has been satisfied, which happens upon the transfer of control to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for the services. Revenue is recognised when or as performance obligations are satisfied by transferring the promised services to the customer, i.e. at a point in time or over time provided that the stage of completion can be measured reliably.

Revenue mainly comprises charter hire from the vessels, which is recognised on a straight-line basis over the period of the charter. Revenues from supply of crew and services are classified as other operating revenue and recognised on rendering of the service, based on day rate charges as per the terms of the agreements.

Cost of services rendered includes port expenses, bunkers (Fuel Oil), commissions, hire of boat/steamers, stores, spares, repair and maintenance expenses, Insurance expenses etc.

Employee Benefit Expenses - Which comprise of shore staff & floating staff expenses. Financial expenses - Financial expenses comprise interest expenses. Other expenses – Other expenses which comprise office expenses, provisions, managements cost and other expenses relating to administration.

The Company collects Goods and Service Tax (GST) on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

ii) Interest & Dividend Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate, which is the rate that exactly discounts the estimated

future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss. Dividend income is recognised when the Group's right to receive dividend is established by the Balance Sheet date.

(n) Leases.

The Company as a Lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

1. The contract involves the use of an identified asset
2. The Company has substantially all of the economic benefits from use of the asset through the period of the lease and
3. The Company has the right to direct the use of asset.

As the date of commencement of the lease, the Company recognizes a right-of-use-asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain Lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The of right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payment made prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Right-to-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the assets belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of changes its assessment if whether it will exercise an extension or a termination option.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Lease liability and ROU asset have been separately presented in the respective Note and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

(o) Provisions

A provision is recognized when the Company has a present obligation (Legal or Constructive) as a result of past events, if it is probable that an outflow of resources embodying economic benefits will

be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(p) Segment Reporting

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Operating segments have been identified based on geographical location of the vessel. The operating segments have been disclosed based on revenues within India and outside India.

(q) Earnings per Share

Basic earnings per share are calculated by dividing the net profit/ loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of diluted potential equity shares, if any.

(r) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

(s) Borrowing Costs

Borrowing costs directly attributable to the acquisition and construction of an asset which

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

takes a substantial period of time to get ready for its intended use, are capitalized as a part of the cost of such assets, until such time the asset is substantially ready for its intended use. All other borrowing costs are recognized in the Statement of Profit and Loss in the year in which they occur.

Borrowing costs consist of interest and other costs incurred in connection with borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(f) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- (i) Debt instruments at amortised cost
- (ii) Debt instruments at fair value through other comprehensive income (FVTOCI).
- (iii) Debt instruments at fair value through profit or loss (FVTPL).
- (iv) Equity instruments measured at fair value through other comprehensive income (FVTOCI).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and

interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the statement of profit and loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL.

However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'Accounting mismatch'). The group has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Derecognition

A financial asset is primarily derecognised when: The rights to receive cash flows from the asset have expired, or

The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

company continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the company also recognises an associated liability

The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Impairment of financial assets.

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

The group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent year, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the company reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument

The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an company is required to consider:

All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, these historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the company does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement Financial liabilities are classified, at initial recognition, as loans and borrowings, or payables, as appropriate

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below: Financial liabilities at fair value through profit or loss: Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent.

The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to external parties. A change in the business

model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(u) Unbilled Revenue and Billing in excess of revenue

Unbilled revenue represents the aggregate of costs chargeable and margin earned under projects in progress as of the balance sheet date

Such amounts become billable according to the contract terms which usually consider the passage of time, achievement of certain milestones or completion of the project.

Contract revenue earned in excess of billing has been reflected under "Other Current Assets" and billing in excess of contract revenue is reflected under "Other Current Liabilities" in the balance sheet.

(v) Fair Value Measurement

The Group measures financial instruments at fair value each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: (a) In the principal market for the asset or liability, or (b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Management determines the policies and procedures for both recurring fair value measurement, such as unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations. The Management comprises of the head of the investment properties segment, heads of the group's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the

group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(w) Recent pronouncement

The Ministry of Corporate Affairs (MCA) on March 31, 2023 through Companies (Indian Accounting Standards) Amendment Rules, 2023 has notified the following amendments to IND AS which are applicable for the annual periods beginning on or after April 01, 2023.

IND AS 1 – Presentation of Financial Statements

The amendment requires the Group to disclose its material accounting policies rather than their significant accounting policies. The Group will carry out a detailed review of accounting policies to determine material accounting policy information to be disclosed going forward. The Group does not expect this amendment to have any material impact in its financial statements.

IND AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has changed the definition of a "change in accounting estimates" to a definition of "accounting estimates". The amendment clarifies how companies should distinguish changes in accounting policies from changes in accounting estimates. The Group does not expect this amendment to have any material impact in its financial statements.

IND AS 12 – Income Taxes

The amendment has done away with the recognition exemption on initial recognition of assets and liabilities that give rise to equal and offsetting temporary differences. The Company does not expect this amendment to have any material impact in its financial statements.

- a The case against the group alleging violation of Foreign Exchange Regulation Act 1973 (FERA), related to acquisition of Land drilling Rig, is pending before the Hon'ble Mumbai High Court. The group has furnished a Bank Guarantee of ₹ 1,000 Lakhs to the Enforcement Directorate, FERA, towards penalty imposed, as directed by the Hon'ble Mumbai High Court which was valid till March 31, 2023. The said bank guarantee is renewed during the year and now valid till March 31, 2025. No provision is considered necessary in respect of the said penalty as the management believes, based on legal opinion, that there has been no contravention to FERA.
- b During FY 2018-19 the group has received assessment order from the Office of the Commissioner of GST & Central Excise regarding service tax payable amounting to ₹ 649.50 Lakhs (including penalty of ₹ 59.2 Lakhs) for FY2014-15 to FY 2015-16 towards liability of service tax on free supply of fuel by client. Against the above order the group has filed appeal before Hon'ble CESTAT. During FY 2019-20 group has received show cause notice cum demand notice for ₹ 225.3 Lakhs for FY 2016-17 and April 2017 to June 2017 towards liability of service tax on free supply of fuel by client against which decision passed in favour of the group in Feb 2021 by Principal Commissioner GST and Central Excise, Mumbai East Commissionerate. In June 2021, The Committee of Chief Commissioners has reviewed the case and directed The Principal Commissioner GST and Central Excise, Mumbai East Commissionerate to appeal to the CESTAT, Mumbai against the order passed by him. No provision is considered necessary in respect of the said demand based on above order passed in our favour and opinion received from consultants.

Notes to Consolidated Financial Statements

- c Against the Directorate of Revenue Intelligence (DRI) Show Cause Notice in July – August 2012, the adjudication proceedings was conducted by Commissioner of Customs (Import) who vide order dated March 28, 2013 imposed duty of ₹ 3,500 Lakhs, penalty for equivalent amount, interest and confiscation and made appropriation of ₹ 1,260 Lakhs paid in 2011 under protest. Accordingly, total demand was ₹ 11,970 Lakhs. The group has furnished a Bank Guarantee of ₹ 820.90 Lakhs to Commissioner of Customs which was valid till March 31, 2023. The said bank guarantee is renewed during the year and now valid till March 31, 2025.

Against the above adjudication order, the group filed appeal before Hon'ble CESTAT for stay of the order as well as appeal. Stay was granted while appeal was disposed off vide order of Hon'ble CESTAT dated 6th December, 2017.

Being aggrieved, group as a legal recourse, had filed Rectification of Mistake (ROM) before designated forum of CESTAT. The Hon'ble CESTAT vide order dated February 27, 2018 remanded the matter to the original authority, setting aside the demand, duty, penalty and confiscation with a specific direction of commencement of adjudication subject to settlement of jurisdiction issue by the Hon'ble Supreme Court.

During FY 2018-19, Commissioner of Customs (Import) has filed appeal before Hon'ble Bombay High Court against the order dated February 27, 2018 ROM application which has been admitted however no stay has been granted. At present no demand exists with regard to aforesaid matter and such contingent liability can not be quantified due to open remand.

Notes:

- (i) The group does not expect any reimbursement in respect of the above contingent liabilities.
- (ii) It is not practicable to estimate the timing of cash flows, if any, in respect of matters at (a) to (c) above, pending resolution of the proceedings.

54. GRATUITY AND OTHER POST-EMPLOYMENT BENEFIT PLANS.

1. Defined Contribution Plans :

Amount of ₹ 107.27 Lakhs (31.03.2022 : ₹ 87.14 Lakhs) is recognized as an expense and included in Employee Benefit Expense (refer note 36) in statement of profit and Loss, which includes provident fund and super annuation fund.

2. Defined Benefit Plans :

The Group has a defined benefit gratuity plan. Every employee (other than crew who have covered under separate scheme) who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The scheme is funded with an insurance company in the form of a qualifying insurance policy.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees decides its contribution based on the results of this annual review.

The Obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation.

The following tables summaries the components of net benefit expense recognized in the statement of profit and loss and other comprehensive income the funded status and amounts recognized in the balance sheet for the respective plans.

55. FINANCIAL RISK MANAGEMENT- OBJECTIVES AND POLICIES

The Group's principal financial liabilities, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The management assures that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

a Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings.

The below assumption has been made in calculating the sensitivity analysis:

- (1) The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2023 and March 31, 2022.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of financial instrument will fluctuate due to change in market interest rates. The Group is not exposed to any significant interest rate risk as at the respective reporting dates.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the group's operating activities (when revenue or expense is denominated in a foreign currency). Currency risk arises when future commercial transactions and recognized assets and liabilities are denominated in a currency that is not the group's functional currency. The group's foreign currency transactions are mainly in United State Dollars (USD).

The Group manages its foreign currency risk by natural hedging.

The following tables demonstrate the sensitivity to a reasonably possible change in USD and other exchange rates, with all other variables held constant. The impact on the group's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Particulars	₹ million	
	Change in Currency rate	Effect on Profit Before Tax
USD	1%	75.32
Other currency	1%	(0.64)
USD	-1%	(75.32)
Other currency	-1%	0.64

b Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities primarily trade receivables and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Notes to Consolidated Financial Statements

for the year ended March 31, 2023

Trade Receivables:

Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on exchange losses historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

Financial Instruments and cash deposits

Credit risk from balances with banks is managed by the group's senior management. The group's maximum exposure to credit risk for the components of the balance sheet at March 31, 2023, March 31, 2022 is the carrying amounts as illustrated in respective notes.

c Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from inability to sell a financial asset quickly at close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet any future commitments.

The table below summarizes the maturity profile of the group's financial liabilities based on contractual undiscounted payments.

Particulars	On Demand	Not yet Due	Less than 3 Months	3 to 12 Months	> 1 Year	₹ Lakhs
						Total
(a) Borrowings	-	-	-	8,967.23	4,735.55	13,702.78

(c) Other financial liabilities	4.47	-	2,887.61	158.50	11.00	3,061.58

56. CAPITAL MANAGEMENT

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the group. The primary objective of the group's capital management is to maximize the shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The group monitors capital using debt equity ratio, The debt equity ratio as on March 31, 2023 is 17% (March 31, 2022: 16%). In the opinion of the board, the current assets, loan and advances are approximately of the value stated, if realized in the ordinary course of the business.
