II. Audit Qualification:

For Standalone Financial Statement

a. Details of Audit Qualification:

The statutory auditors have qualified their opinion in respect of the recoverability of a trade receivable of Rs. 1,715.75 lacs (net of provision for doubtful debt of Rs. 522.63 lacs). Refer paragraph 3 – Basis of Qualified Opinion in the audit report dated May 19, 2016 issued by S R B C & CO LLP on the audited financial results for the quarter and year ended March 31, 2016 and paragraph 'Basis for Qualified Opinion' of the audit report on financial statements for the year then ended.

b. Type of Audit Qualification : Qualified Opinion

c. Frequency of qualification: Appeared first time

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:

Not Applicable

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

(i) Management's estimation on the impact of audit qualification:

In the past, the Company had chartered its vessel together with certain services, for which an amount of Rs. 2,238.38 lacs was receivable from the charterer. While on charter, damage allegedly resulted to a subsea property of a third party, and such damage was sought to be attributed to the Company and charterer withheld payment. The Company has initiated legal action against the charterer, and is also in discussions with it and other parties involved to reach a settlement. On the basis of information available with the Company, management believes that the provision of Rs 522.63 lacs made against the

receivable of Rs. 2,238.38 lacs is adequate. Refer note 6 to the financial results for the quarter and year ended March 31, 2016 and note 30(b) to the annual financial statements.

The Company is strongly pursuing with the parties concerned to enforce recovery of this amount. The Board believes that the efforts currently being made will result in recovery of this amount.

(ii) If management is unable to estimate the impact, reasons for the same:

Not Applicable

(iii) Auditors' Comments on (i) or (ii) above:

We report that as of March 31, 2016, the carrying amount of Trade Receivables includes Rs. 1,715.75 lacs (net of provision for doubtful debts of Rs 522.63 lacs) receivable from a charterer. As explained in point (e) (i) above, this amount is withheld by the charterer until a settlement involving the Company is reached in this regard. Since this amount is subject to settlement and consequential adjustments if any, we are unable comment on the recoverability of the same including consequential adjustments that may be required to be made to these financial results for the quarter and year ended 31 March, 2016. We make no further observations with respect to management estimation to point (e) (i) above.
